

Flexiguard Dual Zone High Security Multisys Analyser

SPECIFICATION

| | |
|---|---|
| Sensor Cable Inputs | 2 |
| Aux Alarm Inputs | 2 |
| Programmable Outputs | 2 |
| Led Indicators (1 set per zone) | Alarm, Cut time window, Climb time window, Cut detected, Climb detected, Sensor open circuit, Sensor short circuit, A.E.C. Operating. |
| Led Data Indicators | Transmit, Receive |
| Programmable Settings (1 set per zone) | Cut sensitivity, Climb sensitivity, Cut time window, Climb time window, Cut impulses, Climb impulses. |
| Programming options | Plug in programmer or PC using Multisys |
| Data Communication | RS485 |
| Transmission Rate | 9600 band |
| Audio Output Level | 1V p-p |
| Audio Output Impedance | 600 ohm |
| Power Input | 15 to 21 VDC |
| Power consumption | 30mA |
| Temperature Range | -40 to + 85°C |
